Analysis of physicochemical parameters of the Hebbal, Shivpura, Elemallappa Shetty Lakes in Bengaluru City, India

Published On: June 10, 2020 | Pages: 001 - 007

Author(s): Aratrika Chatterjee*, Ganesh S

A comparative physicochemical study was done by collecting water from three lakes in Bengaluru City, India. Most of the collected water samples were observed to be within the prescribed limits suggested by World Health Organization and Indian Standard Institute for drinking purpose. Seasonal variations are seen in physical and chemical parameters like color, odour, pH ...
