A comparative bacteriological study of bottled drinking water In Nigeria

Published On: October 22, 2018 | Pages: 045 - 050

Author(s): Philip Ifesinachi Anochie*, Anthony Chidiebere Onyeozirila and Edwina Chinwe Onyeneke

Bacteriological examination of six brands of bottled drinking water samples produced by different bottled water producers in Nigeria was carried out to compare their bacterial quality. The bottled drinking water were bought from various sales outlets in Nigeria. The biochemical characteristics of the isolates and the sugar fermentation reactions of the isolates were s ...
