## **Agronomic and yield performances of cucumber [*Cucumis sativus*] on soil amended with different rates of cattle manure in derived savannah Agroecological zone of Ondo state, Nigeria**

Published On: July 19, 2023 | Pages: 056 - 060

Author(s): Eleduma Ajayi Festus\*

Most soils have experience nutrient depletion as a result of long-term farming, making good yields only possible with the application of fertilizers. A Randomized Complete Block Design (RCBD) was used to create a total of fifteen (15) plots in the study, which was conducted at the Rufus Giwa Polytechnic's Teaching Research and Commercial Farms in Owo, Ondo State, Nige ...
